

RESEARCH PLATFORM
TRANSPLANTATION
MEDICAL UNIVERSITY OF VIENNA

Apply now

Start-up Funds 2027

Start-up funds will be provided to young investigators to launch specific research projects in the field of transplantation with the goal of obtaining preliminary data necessary for applying for third-party research grants.

rpt.meduniwien.ac.at

The Research Platform Transplantation awards two project start-up funds in 2027.

Amount: €12,000 per grant

Eligibility

- Applicants must be employed at the Medical University of Vienna.
- Applicants must be under the age of 35 at the time of application.
- Applicants must have some experience in transplantation research already.
- Basic, translational, and clinical research projects are eligible.

Application

- The application needs to be for a specific research project in the area of transplantation with the goal of obtaining preliminary data necessary for applying for third-party research grants.
- The application needs to consist of the following parts:
 - 1) Project description (5 pages max.)
 - 2) Proposed budget and time schedule
 - 3) CV of the applicant incl. publication list
- Funds are to be used for project-related costs at the Medical University of Vienna (except personnel costs).
- Double funding is prohibited.
- Selection of the awardee will be based on the quality of the proposed project, the applicant's CV, and the expected impact on research activities at the Medical University of Vienna.
- Applications will be evaluated by the board members of the research platform.
- Projects must start in January 2027 and run for a maximum of 12 months.
